The Scout Sign

Baden-Powell or B-P was born Robert Stephenson Smyth Baden-Powell was on the 22 February 1857, Baden-Powell attended Charterhouse School during which time he took part in a number of activities including acting, singing and cadet corps and art. In the woods near the school known as "The Copse" he studied, stalked and tracked animals, birds and his friends and teachers. Baden-Powell was encouraged to sit Army Exams, he surprised everyone by gaining 2nd place out of 700 candidates, as a result was commissioned as a sub-lieutenant in the 13th Hussars. He also wrote a book called "Aids to Scouting" about his methods of Army Training. This book was later to become the bases of Scouting In 1887 he was sent to South Africa where he took part in a campaign against an African chief called Dini Zulu In 1899 Colonel Baden-Powell returned to South Africa. War was declared and Baden-Powell and 1000 men were left to defend the town of Mafeking, which was the supply center for the British, He thought up all sorts of schemes to make it look like the town was heavily guarded. When reinforcements arrived the siege had lasted for 7 months. In July 1907 B-P ran a camp for a group of boys on Brownsea Island in Poole Harbor. In 1909 B-P was knighted by King Edward VII for his outstanding military career and especially for founding Scouting

Baden-Powell died in Kenya in 1941 when he was almost 84 On his gravestone under the badges of the Scouts and Guides is carved. "Robert Baden-Powell, Chief Scout of the World"
